On June 8, 2010, the Bureau of Ocean Energy Management, Regulation, and Enforcement (BOEM) issued National Notice to Lessees and Operators (NTL) No. 2010-N05, *Increased Safety Measures for Energy Development on the OCS*. On June 18, 2010, BOEM issued NTL No. 2010-N06, *Information Requirements for Exploration Plans, Development and Production Plans, and Development Operations Coordination Documents on the OCS*.

To answer questions concerning these two NTL's, BOEM has developed and posted a "Frequently Asked Questions (FAQ's)" information sheet for each NTL. The two information sheets can be found at the following links:
